EDUCATION

Kennesaw State University

2015-19

- Pursuing a BS in Computer Science
- 3.69 GPA - 89/120 credits completed

WORK EXPERIENCE

KSU - Data Structures Teaching Assistant

August 2017 - Present

- Teach students C++ fundamentals and concepts (the STL, pointers, dynamic memory, etc.)
- Help students implement various data structures (linked lists, hash tables, queues, trees, etc.)

KSU - Programming Principles Teaching Assistant

August 2016 - Present

- Teach students introductory Java programming (methods, control statements, loops, etc.)
- Assist students with OOP concepts, JavaFX GUI programming, and basic data structures

Gezellig Records - Web Developer

July 2016 - July 2017

- Created the website gezelligrecords.com for a record label based out of Knoxville, TN
- Followed design mockups given by the client while still maintaining creative freedom
- Minimized costs by hosting on GitHub Pages, and implementing the Forestry.io CMS

FEATURED PROJECTS
